 A CENTURY OF PROGRESS SUPPLEMENT BEING PREPARED

The author of the "Exonumist Catalog - A Century Of Progress," which was presented in the August-October, 1965, issue of the "TAMS Journal," Nathan N. Eglit, has received a number of additions to the catalog. As a result he is preparing these for supplemental presentation, and asks that any members who have not contacted him concerning unlisted items in their collections do so immediately. It is planned that the supplement will be presented in the first or second 1966 issue of the "TAMS Journal." Mr. Eglit may be contacted at 134 N. LaSalle St., Chicago 2.

Five Years Of Growth

Observing the fifth anniversary of its founding on November 19, 1965, the Token and Medal Society as an organization did not come into being overnight. Indeed, as regards active collecting, the token and medal aspects of the numismatic field have existed virtually as long as coins themselves have been collected.

That the Token and Medal Society has finally been successfully organized is perhaps best epitomized by the words of our third president, Paul Hamm of San Diego. In his opening statement to the membership through the medium of the "TAMS Journal," president Hamm indicated "that the collecting of tokens and medals is one of the most interesting branches of numismatics. History and beauty abounds in these pieces. Tokens and medals were known to the Greeks, the Romans, and the Chinese as long ago as they had coins. Altho TAMS is a new organization, collecting of tokens and medals is not new."

In fact, back in the mid-1800's the collecting of tokens and medals was nearly as popular as the collecting of coins. Much of this popularity prevailed into the early years of this century, and it is a fact that at certain times and places the popularity of tokens and medals even rivalled that of coins.

However, in spite of this popularity - early numismatic publications, the early issues of "The Numismatist" for instances, devoted great quantities of space to token and medal subjects - the token and medal field was slow to develop as a field unto itself.

The first development along this line came about with the formation of the specialized American Vecturist Association in 1948. Devoted solely to the restricted field of transportation tokens, this small organization enjoyed early success, though its growth was not of a spectacular nature.

The first serious discussions undertaken probing the possibilities of forming an organization to encompass the entire token and medal field, with the exception of the previously organized transportation token aspect, came about in 1952. Participating in the discussions of that year were; James J. Curto, Max M. Schwartz, Maurice M. Gould, and the Fuld's, Melvin and George.

That times have changed in thirteen years is evidenced by the fact that in 1952, only about ten other people were interested in forming such an organization. This, despite the fact that an article requesting those interested to respond was printed in "The Numismatist."

- - 1960 - -

Finally, after a lapse of eight years, organization was again discussed at the Middle Atlantic Numismatic Association Convention held

at Washington, D.C., in October of 1960. By this time, interest had developed to such a degree that an organizational meeting was called for November 19, 1960, at the Michigan State Numismatic Society Fall Convention in Detroit, Michigan.

Organized at this meeting was the Society of Token, Medal & Obsolete Paper Money Collectors, the early designation under which the Token and Medal Society operated, the STM&OPMC for short. In its initial period, it should be pointed out, the scope of the Society was intended to include obsolete paper money, a field later taken over by the Society of Paper Money Collectors, upon its organization.

The dozen or so founding members in attendance at that founding meeting included; Q. David Bowers, James J. Curto, Thomas W. Fruit, Ruth Hammell, George D. Hatie, Lucy Kelly, Harry M. Lessin, Joseph Lucas, Walter Minkle Jr., Clifford Mishler, Earl Rankhauser, Charles N. Ricard, and Henry Spangenberg.

Selected at this meeting was a pro-tem slate of officers; president Dr. George Fuld, 1st vice-president James J. Curto, 2nd vice-president Max M. Schwartz, and secretary-treasurer Mrs. Lucy A. Kelly. Also chosen was a board of governors numbering; John Ford, Paul M. Fouts, Harley L. Freeman, Melvin Fuld, Paul Hamm, and Art Kagin.

Objects for the organization, as outlined at this meeting were: 1) To promote and cultivate the study of medals, tokens, and paper money; 2) To cultivate fraternal collector relations; 3) To encourage research, articles, and recording of such materials; 4) To disperse information and knowledge; 5) To advance interest and prestige; 6) To promote meetings at conventions, with the annual meeting to be held in conjunction with the annual A.N.A. Convention; 7) To promote and encourage distinct classifications at exhibits; and 8) to endeavor to determine fair valuations for tokens, medals, and paper money.

- - 1961 - -

With memberships initially established at \$2.00, plus a \$1.00 initiation fee, the STM&OPMC by April 1, 1961, when the enrollment of chartered members ended, 315 members had been entered on the Society rolls.

At this time, the first issue of the Society Journal appeared. An 18 page loose-leaf affair, it was edited by pro-tem president Dr. George Fuld. Dr. Fuld was aided by assistant editors Nathan N. Eglit, Fred R. Marckhoff, Ralph A. Mitchell, Eric P. Newman, Russell Rulau, and E. Ward Russell.

The first annual meeting of the STM&OPMC was held August 18, 1961, in Atlanta, Ga., in conjunction with the annual American Numismatic Association, as would be the case for all to follow. Some 45 members were present at the meeting, with the membership enrollment reported as 522.

A special medal was produced to commemorate the event, depicting the Confederate half reverse on the obverse, and a tablet relating the data of the meeting on the reverse. Copies were struck in bronze and given to each member of the Society, while a limited number were struck in

silver and made available to members at \$3.00. The medal was prepared through the efforts of Roy C. Small and William E. Bryant.

The major item of discussion at the business meeting was the re-naming of the Society. The choices were quickly narrowed down to three; the American Exonumist Society, the Medal and Token Society, and the Token and Medal Society, it being agreed that the paper money aspect should be dropped, due to the impending formation of a separate paper money organization whose coverage would include obsolete paper money.

Much discussion followed on the relative merits of the three mentioned names, with the primary support of the AES coming from west coast members in attendance. On the matter of the other two names, it was to be brought out that TAMS would be the better choice, as a "tam" is a form of Scottish cap, while MATS would refer to a "mat" on which one wipes his shoes.

The name Token and Medal Society was eventually chosen by a wide voting margin. However, the final choice of a name was put up for voting on by the membership-at-large before the end of the year. The result was a vote of 145 for TAMS, 86 for AES, 12 for SMT&OPMC, and 4 for other unannounced names.

At the meeting it was announced that beginning at the 1962 A.N.A. Convention TAMS would be sponsoring the Dr. B.P. Wright award for the best token exhibit at the convention, and the D.C. Wismer award for the best obsolete paper money exhibit. With its organization, the Society of Paper Money Collectors assumed the sponsorship of the latter award.

Other important business transacted at this first annual meeting included the changing of the annual dues to \$3.00, and the dropping of the \$1.00 initiation fee, beginning with the calendar year 1962. Also, the pro-tem slate of officers was re-elected for the coming year.

A proposal was passed authorizing the establishment of a TAMS library. Appointed as librarian was Clifford Mishler, who combined these duties with those of the curator-historian, which he had held since the Society was organized the previous fall.

The year 1961 was concluded with the appearance of the fourth issue of "TAMS Journal," bringing the total number of pages for the year up to 85, the last issue containing 26 pages.

Contained in this issue was a provisional constitution for the Society, as drawn up by legal counsels Ellis Edlowitz and Harry M. Lessin, and assisted by George D. Hatie and James J. Curto. Also presented in this number was an alphabetical roster of members through December 1, 1961.

- - 1962 - -

The year 1962 began on an unfortunate note, as secretary-treasurer Lucy Kelly was hospitalized on January 20th. Because of the seriousness of her illness, it was necessary for Mrs. Kelly to decline to continue on with her heavy burden of TAMS duties.

This quite naturally threw the affairs of the Society in a state of turmoil. As an emergency and temporary measure, president Fuld was able to enlist the services of his wife Nancy as acting secretary-treasurer.

Announced in the first 1962 issue of the "TAMS Journal" was the elevation of Russell Rulau to the position of associate editor, with the assistant editors being; Nathan N. Eglit, Ralph A. Mitchell, Eric P. Newman, Arlie R. Slabaugh, and E. Ward Russell.

By April 15, 1962, the position of secretary-treasurer was split up, and the full transfer of duties accomplished. Appointed as secretary was William B. Spilman of Waynesboro, Va., and as treasurer, Mrs. Virginia Culver of Los Altos, Calif. Membership had, by this time, passed well beyond the 600 mark.

More illness was to strike the official family of the Token and Medal Society during 1962. This time it touched Dr. Fuld, our president and editor. This forced James J. Curto to become acting president. Also, the third 1962 issue of the "TAMS Journal" appeared through the efforts of acting editor Russell Rulau.

The second annual meeting of TAMS convened at Detroit, Mich., on August 16, 1962. Nearly 100 of the 625 active members at the time of the meeting were in attendance, an amazing 15 percent of the total.

Without a doubt, the most important business transacted at this session was the adoption of a resolution directed against the encouragement of numismatic imitations. The adoption of this resolution made the Token and Medal Society the first national organization to take a stand on the matter, a precedent eventually followed by others.

The election of officers brought forth a number of changes. Elected president was James J. Curto, 1st vice-president Max M. Schwartz, and 2nd vice-president Paul Hamm. Elected to the board of governors were; Melvin Fuld, Maurice M. Gould, Ralph A. Mitchell, Russell Rulau, and Harold C. Schmall, with Dr. George Fuld serving in an ex-officio capacity. The full complement of board members was not filled through error, but was later achieved with the appointment of Virginia Culver.

Assuming the editorship of the "TAMS Journal" at the meeting was Russell Rulau, assisted by associate editor Nathan N. Eglit. Appointed as assistant editors were; Arlie R. Slabaugh, Ralph A. Mitchell, and Eric P. Newman.

One result of the meeting was a decision to accept advertising as a means of supplemental support for the "TAMS Journal." To handle the advertising, the position of advertising manager was created, William B. Spilman assuming this responsibility.

The design of a new Society seal, incorporating the name, date of organization, and the word exonumist. The design of this seal, as with the original emblem, was conceived by Clifford Mishler, and executed by Robert A. Johnson. Introduced on the September-October, 1962, issue of the "TAMS Journal," the revised final version was first used on the

November-December issue following.

It was announced at the convention that the Dr. B.P. Wright award for the best token exhibit, sponsored by TAMS, and awarded under the auspices of the A.N.A., was awarded to a member and officer of the TAMS, Virginia Culver. Dr. Fuld also had on display a magnificent exhibit of Washingtonia, which was non-competitive and the subject of numerous raves and much discussion.

On the social side of the conclave activities, the highlight was an invitational cocktail party hosted by the Southern California Exonumist Society. The invitations took the form of a wooden so-called dollar, 100 of which were distributed. The affair was attended by some 75 guests. A smaller group also assembled for a supper party hosted by Jim and Lillian Curto at their home.

The year 1962 was concluded with the appearance of a fifth issue of the "TAMS Journal," the total number of pages for the year reaching 136. Contained in this issue was an alphabetical roster of members, as well as an index to the first two volumes of the "TAMS Journal," and the initial catalog of the library holdings. The production of an "official Journal binder" under the leadership of Joseph M. Kotler was also announced in this issue.

It was further revealed in this issue that by November 19, 1962, TAMS second anniversary, over 700 members had been enrolled. Then, on December 1, 1962, TAMS became affiliated with the A.N.A., being issued membership number 47142.

- - 1963 - -

Carried in the first "TAMS Journal" issue of 1964 was the "Code of Ethics on Reproductions" as proposed by the Society. This "Code" was worked out by a committee composed of Eric P. Newman as chairman, Dr. George Fuld, Russell Rulau, Charles V. Kappen, and Ernest F. Cooke.

It was revealed that on February 15, 1963, the active membership stood at 657. Of the 741 members who had joined since November 19, 1960, 28 had resigned, 52 had been dropped for non-payment of dues, 3 had died, and 1 had been expelled.

In the April-May, 1963, issue of the "TAMS Journal," two new staff appointments were announced. A second associate editor was appointed, Alfred D. Hoch, and a position of assistant advertising manager was created, with Joseph M. Kotler being appointed to it.

When TAMS members convened for the third annual meeting at Denver, Colorado, on August 8, 1963, 802 membership cards had been issued, with the active membership standing at 642. In attendance at the meeting were 49 members.

The longest and most turbulent of all TAMS meetings, the 1963 session spent much time in discussions regarding the "TAMS Journal," the Constitution, the Code of Ethics, financing, valuations, and other items of a controversial nature.

Because of its extremely controversial nature, the Code of Ethics was referred back to the committee for refinement. A new constitution and by-laws, in which the major provisions were an increase in the board of governors, and a change in election procedures, was approved. This constitution was then published in the September-December, 1963, issue of the "TAMS Journal."

In the election, Dr. Philip Whiteley was elected to a one year term on the board of governors, and Paul Hamm, Virginia Culver, Max Schwartz, George Hatie, Alva Christensen, and Charles Lipsky to two year terms. Serving out unexpired terms were Maurice M. Gould, Ralph A. Mitchell, Dr. George Fuld, Harold C. Schmal, and Russell Rulau.

Officers elected were; president Paul Hamm, 1st vice-president Virginia Culver, and 2nd vice-president Maurice Gould. Selected as treasurer was George D. Hatie, with other appointed officers remaining.

The "TAMS Journal" staff was changed, with Alfred D. Hoch being elevated to editor, with Nathan N. Eglit and Arlie R. Slabaugh serving as associate editors, and Ralph A. Mitchell, John R. Reynolds, and Eric P. Newman as assistant editors.

The first "official" TAMS social function was held in 1963. An evening dinner, it was held at the Denver Press Club. Once again, the California Exonumist Society hosted an invitational cocktail party, the invitation again taking the form of an exonumist item, a large imprinted piece of wood resembling a note and issued to 100 persons.

Virginia Culver for the second straight year won the Dr. B.P. Wright award for the best token exhibit at the A.N.A. Convention. Award medals were presented to the past presidents, secretaries, and treasurers, as well as bronze medals to the first two editors of the "TAMS Journal." Certificates of Appreciation were also presented to Don Sherer, Dan Brown, and Joe Kotler, as well as a post-meeting presentation to Clifford Mishler, for services rendered to the Society. There was also a medal of appreciation presented to William B. Spilman for his services as secretary, a position in which he continued.

In the final "TAMS Journal" issue for 1963, the reprinting of Dr. Benjamin P. Wright's "American Store or Business Cards" was announced. This volume was the first "official" TAMS reprint in the field of exonumist literature. The production of this reprint was in the able hands of Al Hoch, Ralph Mitchell, George Fuld, and Virginia Culver.

That September-December, 1963, "TAMS Journal" issue, the first under the editorship of Al Hoch, was presented in saddle-stitched form, instead of the former loose-leaf form. It put the year's page total at 128, concluded with a detailed 17 page article on "The Washington Before Boston Medals" by Dr. George Fuld.

- - 1964 - -

Another assistant editor, Robert J. Lindesmith, joined the staff of the "TAMS Journal" with the April-June, 1964, issue. This issue is noteworthy by the fact that it was the first to contain 48 pages.

The fourth annual TAMS meeting convened on August 21, 1964, at Cleveland, Ohio. To commemorate this event, a medal was once again issued. Struck in bronze and silver, and available to members on a subscription basis, the medal depicted the Society emblem on the obverse, and appropriate legends on the reverse. The production of this medal was achieved through the efforts of Clifford Mishler.

In attendance at the meeting were 72 members. The active membership at this time stood at 758, with 133 members having joined since the 1963 meeting, the last issued membership number being 936.

It was announced that two projects about which there had been much discussion at the previous year's meeting, the Code of Ethics, and the first set of valuations had been completed. Both were presented in the October-December, 1964, issue of the "TAMS Journal." The final draft of the Code was the work of Arlie Slabaugh, Virginia Culver, Ellis Edlow, Charles V. Kappen, Ralph A. Mitchell, and Russell Rulau. The set of valuations, which covered the category of sutler tokens, were worked out by James J. Curto, Dr. George Fuld, and Alfred D. Hoch.

Among the resolutions adopted at this meeting, of which there were 10, were some involving awards, dues collection, by-laws changes, and one which for the first time provided remuneration for the editor's work. A distinguished guest in attendance was the noted English medallist Paul Vincze, who was introduced by president Paul Hamm.

Up for election were six positions on the board of governors. Elected were; George Fuld, Robert McNamara, Robert Johnson, Lew Panosh, Arlie Slabaugh, and Ben Odesser. Hold-over members were Virginia Culver, Alva Christensen, Charles Lipsky, Ralph A. Mitchell, and Max Schwartz.

Officers elected were; president Virginia Culver, 1st vice-president William B. Spilman, 2nd vice-president Ralph A. Mitchell, and secretary Robert R. Hailey. George Hatie continued in the office of treasurer, with Byron Johnson being appointed as librarian.

The 2nd annual TAMS banquet, an evening dinner at The Round Table, highlighted the social activities for all exonumists. At this event, the Society raised \$100 for the A.N.A. Home and Headquarters drive.

Certificates of Appreciation for publicity provided were presented to Coin World and Numismatic News; for contributions to the "TAMS Journal" similar awards went to George Fuld, Clifford Mishler, and Arlie Slabaugh; for their efforts in producing the Wright reprint additional awards went to Alfred D. Hoch, Ralph A. Mitchell, and Russell Rulau; and finally for assistance in the preparation of convention plans a similar award was presented to Robert McNamara. Past president's and editor's medals also went to Paul Hamm and Alfred Hoch, respectively.

With the publication of the October-December, 1964, issue of the "TAMS Journal," a new staff was introduced. Appointed editor was Clifford Mishler, with Nathan N. Eglit, Alfred D. Hoch, Robert J. Lindesmith, John R. Reynolds, and Arlie R. Slabaugh assisting as associate editors. With this issue, two color printing was introduced, and in bringing to 164 pages the total for the year, the "TAMS Journal finished its big-

gest year.

President Culver in this issue announced the creation of the Donald M. Miller, Medal of Merit, and TAMS Literary awards, all of which would be awarded for the first time at the 1965 annual banquet.

The year 1964 reached its high point on November 28th, when Michael Petrik, Jr., became the 1,000th member to enroll. Mr. Petrik was awarded for his good fortune, with the presentation of a complete set of the "TAMS Journal," bronze specimens of the two official TAMS medals, and one year's free membership.

By the end of 1964, over 1,050 members had joined TAMS, continuing its spectacular growth and popularity.

- - 1965 - -

In the March-April, 1965, issue of the "TAMS Journal" it was announced that Joseph M. Segel, president of General Numismatics Corporation had provided TAMS with a permanent endowment, the "Segel Literary Award" for the best article relating to the history and origin of medals and tokens during each year. The first presentation of this award was set for the 1965 banquet, covering the 1964 volume of the "TAMS Journal."

The August-October, 1965, issue of the "TAMS Journal," at 64 pages, became the largest to be published to date. Coming on top of three successive 32 page issues, and with one issue to go for 1965, it was assured that this volume would be the largest yet. Contained in the August-October issue was a 46 page catalog of "Century of Progress" exonumist items as assembled by Nathan N. Eglit.

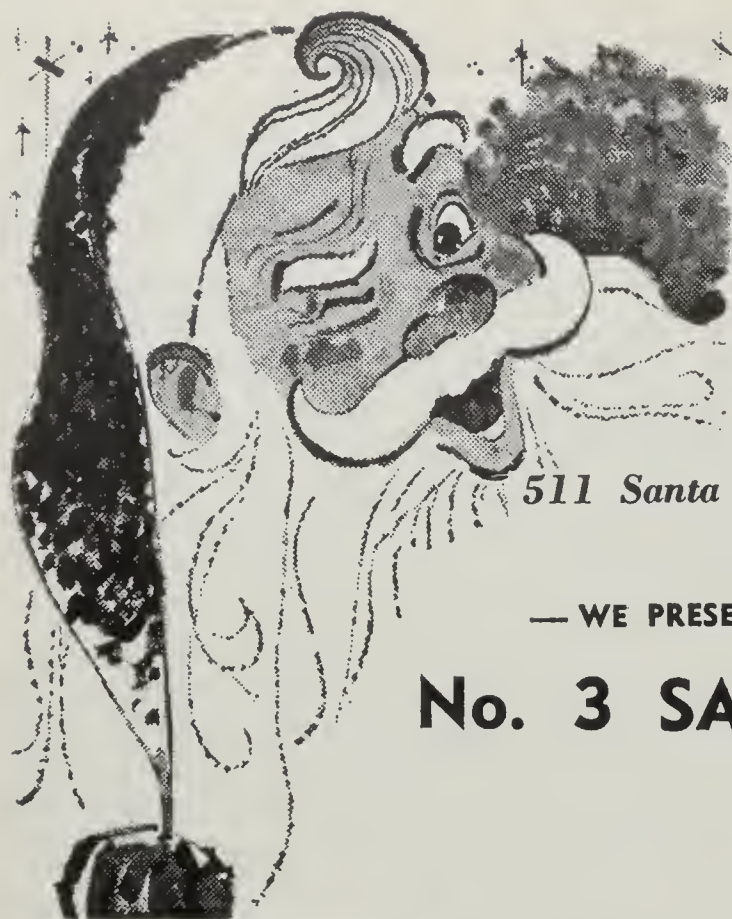

The reprinting of Sylvester S. Crosby's classic on "Early Coins of America," the second "official" TAMS reprint, was announced in this issue. The Crosby reprint, it is anticipated, will be only the first of a series of quality reprints. Also, the publishing of original book-length manuscripts is anticipated to complement this line.

Thus - and with the enrollment of member number 1,200, the issuance of a 1965 assemblage medal, the announcement of plans for a third annual banquet, and a promise of much more to come - did TAMS enter its fifth annual meeting on August 27, 1965, drawing ever closer to the fifth anniversary of its founding on November 19, 1960. To say the organization has come a long way in these five short years - a growth from 12 people and an idea in a Detroit hotel room to the enrollment of the 1,200th member - is almost to make an understatement of fact.

TAMS PRESIDENT Virginia Culver returned to her home following the ANA Convention in Houston, at which she was elected to the Board of Governors, to a burglarized home. Sometime during her absence thieves had entered the home and removed her collections of rare medals and tokens. A number of the stolen items are near unique or seldom encountered specimens which Mrs. Culver could quite easily identify.

Journal Index - Vol. 1 -, No. 1 - Vol. V, No. 4

This index to the "TAMS Journal" covers all issues from Volume 1, Number 1, through Volume V, Number 4; April, 1961, through August-October, 1965. All articles are cross-indexed by title and author, the titles being in all caps. All articles or items of interest are indexed by the key words in the title - thus the article on "Philadelphia's Gercke Store Cards" is indexed as "GERCKE STORE CARDS, Philadelphia's." Following each listing is a two part number which indicates its position, the first part being a Roman number indicating the volume number, and the second number indicating the page number in that volume - thus on the above article, the reference number "V-42" indicates the article will be found on page 42 of volume five. While no index can be perfect for everyone, especially in the numismatic field, the editor hopes this one is fairly comprehensive and easy to use.

THE ACTIVE membership of TAMS as of October 1, 1965, just a month and a half short of its November 19th fifth anniversary, was 926. Of this total, 887 members resided in the continental United States, while another 29 were residents of Canada, the remaining 10 being foreign.

Lion Of Israel Medal

Unique, new medallion honoring the Jewish faith released by U.S. MEDALS, Whitefield, N. H. This 3 inch diameter, high relief bronze medallion is designed by E. H. Weistrop, (TAMS #1192), recent winner of the \$1,000 awarded by The Society of Medalists for the design of an original medal.

OBVERSE: Lion of Israel guards the nine branch Menorah of Hanukah, symbol of freedom recalling the struggle of the Maccabees for independence and the right to worship in the Jewish religion. In the clear field, to the right of the main devices, is the Star of David, traditional emblem of the Jewish faith.

REVERSE: The heroic figure of Moses as he descends from Mount Sinai bearing the tablets with the Ten Commandments, the revelation of God's law to the Israelites. Inscribed on the edge are the first words of the Shema, the most significant of all Jewish prayers: HEAR O ISRAEL — THE LORD OUR GOD — THE LORD IS ONE.

This beautiful 3 inch bronze medal has been acclaimed as the "key" medal in Judaic numismatics. It will make a treasured gift for the Holiday Season. Satisfaction guaranteed - 10 day return privilege.

LION OF ISRAEL MEDAL, boxed with bronze holder, postpaid \$8.50

THE LIBRARIAN REPORTS

Byron Johnson - Librarian

As promised, there is a complete list in this issue of the books in the Library. Since you can see, also, what we don't have, we are calling for donations of books which you have in duplicate, or which you no longer use. During the coming year we will also begin buying books for the Library. Members suggestions of items for addition are welcome.

Several members have asked how to borrow books. It is quite simple. Write me requesting a book. I mail it to you. When you return it, send postage stamps to cover the cost of mailing to you. Your only cost is postage both ways. Please remember to return the book promptly though, for other members are sometimes waiting.

This issue we owe thanks to Dottie Dow, Arlie Slabaugh, the Southern Commemorative Society, and the TAMS Reprint Committee for their thoughtful donations.

-Recent Library Catalog Additions-

- C-12 Crosby, S.S.: The Early Coins of America. 378pp. 10pp plates. Reprint of the 1875 edition. 1965.
- D-4 Dow, Dottie: The Elongated Collector. (A catalog of rolled or elongated coins - hundreds listed and all illustrated.) 209pp. Illustrated. 1965.
- S-7 Slabaugh, Arlie: Prisoner of War Monies and Medals. 71pp. Illustrated. 1965.

Any correspondence regarding library service and requests to borrow books should be addressed to; 606 N.W. 80th, Seattle, Wash., 98107.

SCARCE MEDAL ISSUED IN ARKANSAS

To commemorate the recent dedication of the Jacksonport State Park, and also to observe the local centennial recognition of the Civil War, the Chamber of Commerce in Newport, Arkansas, produced an attractive and strictly limited medal issue.

Depicted on the obverse of this medal is a building, with legends around reading; DEDICATION / JACKSONPORT (star) JUNE 5, 1965 (star) STATE PARK. The reverse depicts a large riverboat with crossed Confederate and United States flags above, and legends around reading; JACKSONPORT CONFEDERATE CENTENNIAL / 1865 - JUNE 5, - 1965.

Only 100 copies of this 34mm medal have been struck in a nickel-silver composition. The Chamber has reserved 50 of these specimens for distribution to TAMS members. The price established is \$5.00, and your TAMS membership number should be mentioned when ordering. Orders are to be placed with the Newport Chamber of Commerce, P.O. Box 314, Newport, Arkansas.

the Book Washingtonia Collectors and Scholars Have Waited 80 Years for . . .

Few copies are known to exist in good condition of the authoritative, definitive classics by W. S. Baker, "Medallic Portraits of Washington."

Now Reissued . . . With Introduction by George J. Fuld

A beautiful reprint is now at hand. It has been lovingly supervised by one of the Country's most respected authorities in the field, George J. Fuld.

This new luxury-binding edition, in high-quality paper, of "Medallic Portraits of Washington" has 188 reproductions in fine, 133 screen. In all, 228 pages, 7½ by 10 inches.

"Medallic Portraits of Washington" is a new delight for collectors because it has been up-dated and includes a realistic price list and rarity guide, based on the 1 to 10 system.

Completely new are photographs of pieces in the superb collection at Johns Hopkins University . . . mostly the rarer, unusual pieces.

Illustrated For First Time Ever

Many of the pieces shown are illustrated for the first time in published literature. There are also included a complete set of types of funeral medals.

Mr. Fuld has added a comprehensive bibliography, keyed to patterns, store cards, medals and facsimiles, Civil War tokens, early medals and related subjects.

An Extremely Limited Edition

It has been 80 years since Baker's classic; no one can predict when another reprint will occur. Washingtonia collectors are assured that only 994 copies have been issued of the Fuld-inspired reprint. More than 60% have already been spoken for. From the balance of the "Medallic Portraits of Washington," print order copies are obtainable exclusively from one of the following two sources at \$15.00. Please send your request, with remittance, as soon as possible.

When Kaiser Bill Made A Bad Trade

Helgoland is a tiny speck of an island, less than 150 acres in area, 40 miles northwest of Germany in the North Sea. Rising about 160 feet above the sea, it is formed of constantly eroding red sandstone, and is covered with grazing land of an intense green which makes it a picturesque spot for tourists.

Formerly Danish, the island was occupied by England during the Napoleonic wars, and retained by her in 1815. It was considered practically useless by both England and Germany, yet in 1890 Germany signed an Anglo-German Colonial Agreement, whereby Germany gave up her rights in Zanzibar to the British, and greatly reduced her claims in East Africa, Uganda likewise going to the British. In return, Germany received the insignificant island of Helgoland.

Why? It was part of a new course in German policy, whereby Germany hoped to purchase the friendship of England. As Helgoland at that time had no value to Germany, other than the continual desire that territory occupied by Germans should be owned by Germany, and the inhabitants of Helgoland were German. It was the eventual goal of Germany to dominate Europe, and while doing this, she desired the friendship of England against the French and Russian pact.

Relations between the two countries were at a high point. In fact, Kaiser Wilhelm of Germany was Queen Victoria's nephew. The British ruling house itself was German, being that of Saxe-Coburg. Later, all this was changed - relations cooled, and England allied herself with France. Germany fortified Helgoland, and during World War I, George V (Kaiser Wilhelm's first cousin) changed the ruling name of the British line to the House of Windsor.

Did Germany pay too high a price for Helgoland? The answer is probably yes, considering the constantly changing friendships between countries, and the fact that at the time the island had little value -- Germany fortified it at her own expense later. In contrast, when colonies were still in style, Germany gave up quite a lot more in East Africa. This was one of her star colonies - When the Armistice came on November 11, 1918, the German Army in East Africa was still in the field, whereas all her other colonies had collapsed.

Under the Versailles Treaty following World War I, the fortifications were razed on the island, but were rebuilt under Hitler during and after 1936. In 1947, after World War II, the British evacuated the population and blew up the fortifications and part of the island in

the largest known non-atomic blast. England didn't even bother taking the island back as a naval base of her own - giving some idea of the island's real value. Of course, the colonies are mostly gone in Africa, too, but for many years following the treaty of 1890, England obtained a great deal more value from her East African holdings than Germany obtained from Helgoland.

Did Kaiser Bill pay too high a price? The answer seems to be "YES."

The medal illustrating this article is in commemoration of the acquisition of Helgoland by Germany following the agreement with England in 1890. The obverse has a picture of Kaiser Wilhelm II similar to the portrait used on coins. The reverse shows Germania flying left with the German flag, to enfold the island, below, in

her protection. Of 5 Mark size, 39mm, it is struck in silver. German medals using a similar reverse were also made for Colonial commemoratives.

UNLISTED VARIETY OF SO-CALLED DOLLAR

By Hank Spangenberg

The medal illustrated above, which I identify as Variety I, is the relatively common aluminum piece known as HK-170 and E-157 (Nate Eglit's listing of "Columbiana"). Both references illustrate this medal, or rather its successor. I say successor because I believe the above medal was struck first.

An error was discovered and the reverse die was changed for an obvious reason, obvious after careful examination. The word HEIGHT is misspelled and reads "HEIGHT." The reverse of variety I has other minor variations, such as the relationship of letters and numerals on the top line to those on the bottom line beneath the Ferris Wheel. Also, the word HORSE POWER appears as one word on variety I, and as two words on variety II.

Although this is not a significant discovery, it is nevertheless a distinct variety. I have examined nine specimens of HK-170, finding four with the error.

This is my first small contribution to the Journal. Perhaps someone will find it of value. I believe that many T.A.M.S. members have similar information that might be of value to other members. The regular contributors do a tremendous job of educating the rest of us, and it is possible that we overwork them.

I'm sure that the editors and officers of T.A.M.S. would appreciate articles and bits of information previously unpublished. These numerous small contributions enable the researchers to do further study and assemble related material, resulting in significant articles, listings, and reference books.

(The editor adds his amen.)

CASH PAID FOR WESTERN TOKENS!

Having decided to expand my collection of Western Sutler, Indian and Post Trader Tokens, I WILL PAY \$25. FOR EACH TOKEN SENT TO ME THAT HAS "T", "TERR." OR "TERRITORY" ON IT. Identical duplicates (hoards) are wanted, but at lower prices. Poor, corroded or mutilated tokens are not wanted. I already have two or three varieties in quantity these are likewise not wanted. Lastly, I'm not interested in re-strikes or modern (20th Cent.) issues.
